WELCOME

Those who follow the rhythm of nature, will find themselves inextricably drawn to Gradonna****S. Because here at the foot of the Hohe Tauern National Park, we have combined nature with practicality to create something extraordinarily beautiful. A place of great promise, where all expectations are exceeded in the face of Austria's highest mountain. Look forward to a time spent rediscovering yourself. Rich in spectacular experiences and tranquil scenery, from which you can draw fresh vitality, that endures until you return to visit us again.

Time spent at Gradonna****S could be described as a fortunate coincidence of sense and sensibility. Sense, because it is sensible to appreciate and pay utmost attention to body and soul. Sensibility, because you reside in a house that demonstrates its affinity with nature and the surrounding landscape

at every moment. Where timber and Kals marble characterise both interior and exterior. With fresh mountain spring water in the generous spa & wellness area. And with many culinary delights, carefully created using ingredients sourced from local farms. From a truly unique environment, which forms an exciting symbiosis with our hotel.

You will enjoy exciting views of a mysterious mountain world from your room or Châlet. Or sweeping views into the valley. Right outside your door, you will find yourself at one with the natural landscape, which you can explore in your own individual way. Either alone, as a twosome or with your family. Be it performing active sports, passionately ambitious or simply as lovers of laziness with all the time in the world. – Welcome to Gradonna****S!
